

Dear MotorSport Enthusiast:

MotorSport Ranch is the first of its kind - a private membership driving club. The Ranch is much like a golf country club, but instead of a golf course, there are two purpose-built road courses. The Ranch brings accessibility and convenience to those who wish to drive sports cars, race cars, or even motorcycles. The Ranch fills the huge gap between the sports car enthusiast and the professional race car driver. It is a place to enjoy high speed driving as a sport or hobby, a place to entertain friends, family, and business associates. A place to find the limits of your sports car or race car...or your own limits...or both...

MotorSport Ranch offers its members access to 140+ days to the facility, unheard of until now. This includes most weekends, most bank holidays, and many weekdays. For non members, drivers can still get a more limited access to the facility via the many weekends utilized by other car clubs and their driving and racing events – events like the Porsche Club, BMW Club, motorcycle races and track days too. Check the calendar at www.motorsportranch.com for the latest member days and events.

Other features at MotorSport Ranch include:

- A club house with meeting rooms, restrooms, and showers
- A large paved paddock/parking area
- On site car and motorcycle shops
- Garages for vehicle storage
- Trailer parking
- A covered grid or staging area
- A convenience store with all the usual items, gas, and diesel fuel
- Pay at the pump race gas – 100 and 109 octane unleaded, and 110 octane leaded
- Scottish Inns motel across the street with special rates

MotorSport Ranch is just 14 miles southwest of Fort Worth, Texas. The 304 acre facility was once a working cattle ranch. It is now a premier motorsport facility. Tours of MotorSport Ranch are available most any day, no appointment is needed.

Best regards,

Jack Farr, President
